

Care instructions

wenaCel® sensitive Mattress Cover

Care symbols:

To get the most from your products, please ensure that you follow these important care instructions:

- The mattress cover can be washed at up to 60° Celcius on a gentle wash cycle.
- We recommend the use of wenaCare® laundry detergent, developed especially for Wenatex products. Wool wash or gentle detergents with no harsh chemicals, optical brighteners or bleach can also be used.
- After washing, the mattress cover should be air-dried in the shade. Caution: the cover is not suitable for tumble drying, and should not be vacuumed.
- Wash one half of the cover at a time (the side you have been sleeping on).
- The mattress cover is made from a woven and flexible fabric. If the cover loses its shape easily, we recommend washing it.

We recommend:

wenaCare® Laundry Detergent
for Bedding
